Family Travel in Dubai

With an exciting mix of things to do for kids and adults alike, Dubai is the ultimate family friendly holiday destination.

Many of the hotels in Dubai happily cater for children with dedicated pools, kids clubs and playgrounds, along with specialised programs and activities to keep the younger members of the family entertained! These hotels have swimming pools for children to splash around in all day, others have tennis courts and sporting facilities including exciting water based activities such as banana boating, parasailing or surfing. Hotels that cater to families can also organise a babysitting service.

Outside of your hotel, Dubai offers a large range of family-focused attractions, events and activities to choose from.

Dubai's best family experiences

- Shoot to the top of the world's tallest building in high speed elevators (traveling at 10 metres per second... faster than an Olympic sprinter in full-flow!) to take you up to the 124th floor observation deck 'At The Top' of the Burj Khalifa. The unobstructed 360 degree view of the city, desert and sea is a great starting point that will help you gather your bearings and decide which attractions you'll head off to next.
- Dubai is home to one of the world's most imaginative children's attractions: **Kidzania**, a huge city-like complex, is a place where children can get a taste of the adult world through roleplaying their future careers... which should help to answer the age old question: "What do you want to be when you grow up?"
- If parents are looking for a little respite from the children, **Dubai Mall** is also home to an Olympic sized **ice rink** where kids could play ice hockey or even attend a disco on ice! Alternatively, the **SEGA Republic** indoor theme park offers five zones of entertainment for all ages.
- The **Lost Chambers** aquarium is a fantastical labyrinth of underwater halls, passageways and fish tanks recreates the legend of the lost city of Atlantis. Some 65,000 exotic marine creatures inhabit aquariums, where rays flutter and jellyfish dance, moray eels lurk, and pretty but poisonous lion fish float. For the brave, you can snorkel with these creatures. Located at Atlantis The Palm, it is open to guests and non-guests of the hotel.

Family Travel in Dubai

- Many visitors to Dubai are often surprised that, in addition to the rolling sand dunes and world-class beaches, the city is just a short drive away from the impressive Hajar Mountains. These mountains play host to one of the locals' favourite past times – 'wadi bashing'. 'Wadi' is the Arabic word for valleys or dry riverbeds formed by streams that flow through the mountain range. A bumpy 4x4 drive through the **wadis** (or 'wadi bashing') is great fun - and isolated rock pools filled with fresh mountain water provide the perfect place to cool off.]
- The awe-inspiring **Dubai Fountain** in the huge, 30-acre Burj Khalifa Lake stands in the shadows of the world's tallest building and shoots water jets as high as 150 metres. Accompanied by music, the marvellous water and light show can be seen from more than 30 kilometres away. Catch these water displays between 1-2pm and from 6pm everyday.
- An up-close encounter with a dolphin - one of the world's most amazing and graceful creatures – is an once-in-a-lifetime experience. At **Dolphin Bay**, in the world-famous Atlantis The Palm resort on the man-made wonder that is the **Palm Jumeirah**, all members of the family can get up-close to these wonderful animals, playing games and, of course, getting a photograph to remember the experience. You can also enjoy a hug with the sea lions at Sea Lion Point.
- With miles upon miles of fine red sand, Dubai's **desert** 'outback' features striking rolling sand dunes and an unforgettable sense of timelessness. Aside from the breathtaking scenery, the sandy slopes create the ideal backdrop for thrill seekers – either by racing through the sandy dunes in four-wheel drives or skiing and boarding down the powdery sand.
- One of the coolest things to do in Dubai is to ski in desert! **Ski Dubai** in the Mall of the Emirates is one of Dubai's landmark attractions and the Middle East's first indoor ski resort. It's a great attraction for all the family and offers different levels of ski runs and snowboarding courses. Enjoy a hot chocolate in the chalet at the top of the slope, then zipline down, or for something slower paced, enjoy getting up close and personal with Penguins at the Ski Dubai Penguin Encounter.
- Screech your way through **Aquaventure** water park at Atlantis, one of the world's most advanced water-attractions, which features huge slides, 'Master Blasters', rivers, rapids, a dedicated children's play area, lush tropical landscapes and a private beach.
- Stand back and enjoy the tranquillity of more than 33,000 fishes from 140 species swimming through the 10-million litre **Dubai Aquarium** in **Dubai Mall**. The huge tank is the largest suspended aquarium in the world and the **Underwater Zoo** is the best spot to observe it from. You can even jump in and swim with the fishes!
